

JETSTORM SQUARE RAIN SHOWER

DIMENSIONS

Diameter:	220x220mm
Depth:	70mm
Weight	400grams
No of nozzles	120

Give yourself the
rainforest shower
experience

MATERIAL

Body, faceplate, nut	ABS
Nozzles	TPE
InJet system	Acetal
Balljoint	Brass
Balljoint seal	Silicone

COLOUR

- Silver lustre

FEATURES & SAVINGS

- + Jetstorm power with Aircore Technology
- + Uses up to 45% less water and less energy
- + Great savings on your utility bills
- + Easy to upgrade – simply unscrew your existing shower head and replace it with your Jetstorm Rain Shower showerhead
- + Easy to clean rubber nodules to prevent the build up of limescale

PERFORMANCE

- + Flow Rate at 1.5 bar 7.9 litres/minute
- + Flow rate at 2-10 bar pressure regulated to 8.3 litres/minute
- + Aeration Co efficient at 1.5 bar 0.18

AIRCORE TECHNOLOGY

Aircore Technology draws air in through an air intake and mixes it with the water flow. This creates turbulence that increases the water pressure coming out of the showerhead.

PRESSURE FLOW TEST
